Introduction

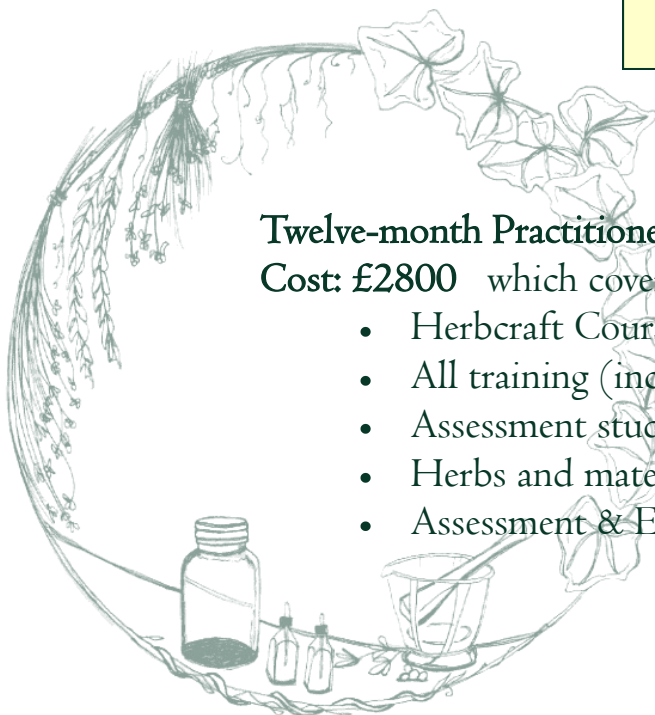

"Self-education is the most important thing you can do to protect yourself, cut medical bills, and live a healthier and happier life."
— Walt Stoll, MD

'Herbcraft' is a unique twelve month fully accredited diploma course in Herbal Medicine & Wholistic Wellbeing. Created to re-empower your 'Healer' within and give you a 'hands-on' approach to getting back in touch with Nature, this Course will open up many new avenues of positive thought and therapeutic possibilities, that can enrich and transform your personal life journey.

With a global emphasis on 'Green Living', and EU Directives threatening our right to use herbs for health ... now is the time to learn these essential skills!

Accredited by the Association of Natural Medicine for a professional qualification, it is open to both therapists and anyone interested in Herbs.

About the Author

Melanie began her apprenticeship in Herbal Medicine in 1991 with the Selfheal School and after she qualified in 1996, taught alongside her teacher. In 2001, she founded Nature's Pharmacy, a successful mail order herbal online pharmacy and clinic. A member of the Association of Master Herbalists and an accredited tutor with The Association of Natural Medicine, she is also a qualified Iridologist, Reiki Master Teacher, Thermo-Auricular Therapist, Energy Meridian Therapist (EFT), Crystal Healer and Masseuse.

Melanie's approach to healing the body is wholistic, and her aim is to empower people to reclaim their own innate ability to heal themselves. 'Herbcraft' is a culmination of her knowledge and passion, and a result of four years work. An international teacher, she is available for talks and workshops both in the UK and overseas.
